Attention Specifiers:

With our extensive experience in the design of new and replacement netting for fieldhouses, stadiums, athletic fields, and other custom construction applications, Carron Net can be your netting consultant. See our Architectural Resources for Specification & Design page at www.tinyurl.com/carronnetspecs for more details. **Items in this catalog with CSI 3-part specifications or 3D BIM objects available will feature these logos.**

LIABILITY & WARRANTY

All Carron nets are inspected before they leave the factory and are warranted to be of good workmanship. The material is subject to deterioration from the natural aging process, improper care and damage due to vandalism. All nets should be inspected for broken meshes or any other apparent weakness before every use.

We cannot and do not guarantee freedom of injury from the use of our product. The user must assume all risk of injury due to use.

There are no warranties which extend beyond the description on the face thereof, and the merchantability of all nets is subject to deterioration.

CLAIMS

Any claim regarding workmanship of materials must be filed within 30 days after date of shipment.

TERMS & CONDITIONS

Prices are effective January 1, 2019, and are subject to change without notice. Terms: Net 30 days with prior approval or credit card with order. Carron Net requires no minimum order with no extra charge for drop shipments.

RETURNED GOODS

Please contact factory for prior authorization. Ship freight prepaid to Carron Net Company, 1623-17th Street, Two Rivers, Wisconsin 54241.

BASKETBALL NETS

Original Absolute Anti-Whip

Pioneered by Carron Net, the original Anti-Whip design is the very best for Professional, College and High School team use. The top half of these nets are made of durable solid fibers encased in tough 100% nylon and prevents the net from whipping up on the rim. The lower half of the net is our strongest cotton (net #10200) or nylon (net #10201). Use on all no-tie hoops. Available with tie cords upon request.

*standard pair packed
basketball nets
can be ordered
single for a small
upcharge.*

12 Top Loop Nets

"Flight Control" Hour Glass nets are proven stronger and longer lasting than other nets. CARO-NETS are available in heavy-duty braided nylon and multiple weights of cotton. For use on no-tie and ordinary hoops.

Steel Chain Net

A rugged, easy-to-install net for indoor and outdoor use. 12 top loops.

8 Top Loop "Amateur" Nets

Available in braided nylon, "Amateur" nets are made for hoops having only 8 no-tie loops. Quotes available upon request for nets for special or juvenile sets.

TENNIS NETS

Hercules® Tennis Nets

Our best-selling Hercules® tennis nets are constructed of #36 nylon (breaking strength of 340 lbs) which is enhanced with UV-stabilizers for maximum weather resistance. These nets feature tear resistant vinyl top binding with three rows of stitching and strong nylon webbing at the sides and bottom. Top binding contains a 1/4" vinyl coated steel cable. Also available in 22' length for Platform Tennis use. For **ALL** levels of play, both indoors and outdoors. **Made in the USA.**

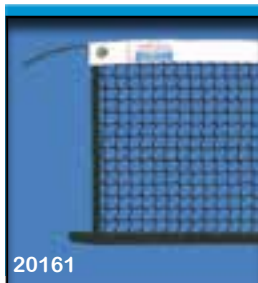

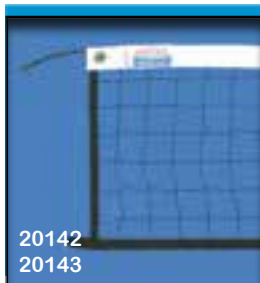

NUMBER	DESCRIPTION
20100	Hercules® Net – 42'x3'3", #36 Nylon, 47'x1/4" Cable
20101	Hercules® Net – like #20100 but with side pockets and dowels
20102	Hercules® Singles Net – like #20100 but 36' long with 41' Cable
20103	Hercules® Double Center Net – like #20101 but with a double layer of netting in the top 9 meshes
20165	Platform Tennis Net – 22'x2'6", #36 Nylon, 1-3/4" Mesh, 27'x3/16" Cable

Tournament Tennis Nets

These top quality nylon, UV-stabilized nets are made to last at a price you can afford. Made with heavy duty white vinyl top bindings with three rows of stitching, two large brass grommets on each end, a vinyl coated steel cable in the top binding, and tape bound sides and bottom edges. **Made in the USA.**

NUMBER	DESCRIPTION
20137	Tournament Net – 42'x3'3", #21 Nylon, 1-3/4" Mesh, 47'x1/4" Cable

Recreational and Paddle Tennis Nets

Recreational nets, featuring a lightweight nylon mesh body and a 3/16" poly rope in the white vinyl top binding for easy installation are perfect for outdoor recreational play, indoor PE classes and anywhere nets need to be put up and taken down quickly and easily. No winch or mechanical tensioning required!

Carron's Recreational Tennis Net (#20142) is a regulation 42' width. The **Beach Tennis Net (#20143)** utilizes the same construction as our #20142 net but shortened to 32' to utilize beach volleyball standards. Paddle tennis and pickleball games use the **Paddle Net (#20161)** which features the same construction but with versatile 3/4" mesh netting at a length of 21'. Available in custom lengths. **Made in the USA.**

NUMBER	DESCRIPTION
20142	Recreational Net – 42'x3', #15 Nylon, 1-3/4" Mesh, Rope
20143	Beach Tennis Net – like #20142 but 32'W, Rope
20161	Paddle Tennis Net – 21'x2'6", #420 Knotless Nylon, 3/4" Mesh, Rope

Replacement Items

Extend the life of your nets with vinyl coated **Replacement Cables (#21507)**. **Replacement Ropes (#88721)** are also available. **Replacement Bindings (#21508)** are grommeted along the entire 42' length of the band for easy attachment with lacing cords.

NUMBER	DESCRIPTION
21507	Vinyl Coated Steel Cable – 47'x1/4" for 42' Tennis Net
21508	Tennis Net Replacement Binding
88721	Replacement Poly Rope – 3/16" black in cut lengths

Specifications, drawings and BIM objects for our most popular products are available in the Architectural Resource Download Center on our website at www.tinyurl.com/carronnetspecs.

TENNIS ACCESSORIES

Vinyl backdrops can be used for baseball kill pads at the rear of batting cages or as barrier tarps. Constructed of 18 oz. solid vinyl with 1-1/2" finished width vinyl binding on all edges and grommets on 1' centers across the top edge. Made to order in seven available colors. See price list for details.

NUMBER	DESCRIPTION
75704	Backdrop Tarp, 18 oz. vinyl

Custom Baseball Netting

Carron specializes in made-to-order baseball netting to fit your application. **Backstop, Foul Ball and Batting Cage** nets are available in weights appropriate for little league to college and professional play. Our expert staff can design and manufacture ball barrier nets and baseball and combination cages to fit virtually any space or configuration requirement. See pages 16-17 for more information on custom baseball netting, or call our factory for more details.

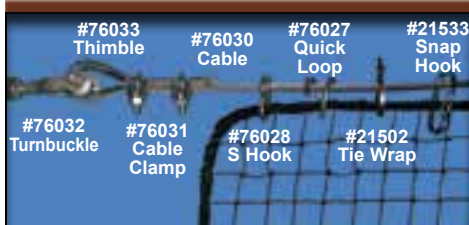

61501

Batting Cage/Baseball Net Repair Kit

Includes splicing needle loaded with #36 twine and a 3' x 3' piece of #36 nylon, 1-3/4" mesh to repair your batting cage or baseball net.

NUMBER	DESCRIPTION
61501	Batting Cage/Baseball Net Repair Kit

BASEBALL ACCESSORIES

Installation Hardware for Nets

Carron offers a complete assortment of hardware to install your nets and cages. Need help in deciding what you need? Our knowledgeable sales staff can help. Just give us a call.

NUMBER	DESCRIPTION
21501	Nylon Cord, 100 yds.
21502	Tie Wrap
21533	Snap Hook, to suspend nets
76027	Quick Loop - to attach net to cable
76028	S Hook
76030	Steel Cable, 1/4" dia.
76031	Cable Clamp, to form end loops
76032	Turnbuckle, to tighten cables
76033	Thimble - to reinforce cable loops

Due to the volatility of pricing on metal products, contact the factory for current pricing on baseball accessories.

Outdoor Steel Batting Cage Frames

Frames for batting cage or golf practice nets are made of 2" O.D. galvanized steel and come complete with grounds sleeves for installation. The "wicket" style frame units provide support for 3 rows of 3/16" galvanized aircraft cable and accommodate 12' and 14' cage widths. Installation of the net provides approximately 12" of excess netting to contact the ground to prevent balls from rolling under.

Fence Crown

Fence crown attaches to the top of any chain link fence and helps protect against injury while giving the playing field that finishing touch. Our 4" diameter corrugated plastic fence

crown is sold in yellow or black complete with extra-long tie wraps and installation tool. Contact Carron Net for details and pricing.

NUMBER	DESCRIPTION
62512	Fence Crown, Corrugated Plastic

NUMBER	DESCRIPTION
61505	Outdoor Steel Batting Cage Frame

Steel Cable and Hardware Kit

The perfect way to suspend a cage wall-to-wall on steel cables. Carron's kit includes three 100 ft. steel cables, 12 cable clamps, 6 thimbles, 3 turnbuckles, and 75 snaps. Wall eye bolts not included.

NUMBER	DESCRIPTION
61507	Steel Cable and Hardware Kit for wall-to-wall cage suspension

Fielder Screens

Made of heavy gauge 1-5/8" O.D. steel tubing with green powder coated finish. 7' x 7' and 10' x 10' fielder screens include 8" wheels for easy transport.

NUMBER	DESCRIPTION
62502	Small Fielder Screen - 7' x 7'
62504	Replacement Slipover Net for #62502
62508	Large Fielder Screen - 10' x 10'
62509	Replacement Slipover Net for #62508

Pitcher Protector Screen

This versatile "L" shaped protector screen can be used by either left or right-hand pitchers or with pitching machines. Constructed of 1-5/8" O.D. powder coated green steel tubing, this screen features a 3'5" x 3'5" cutout and 8" wheels for easy transport.

NUMBER	DESCRIPTION
62506	Replacement Slipover Net for #62507
62507	Pitcher Protector Screen - 7' x 7' "L" Screen

Rope, Beam Clamp and Pulley Kit

Suspends cage net from ceiling so it can be raised and lowered by hand. Kit includes six heavy-duty 2-1/4" diameter pulleys with beam clamps to attach to overhead I-beams having up to a 9" plate. Also included is 600' of 5/16" polyethylene rope. Wall fastenings not included.

NUMBER	DESCRIPTION
61506	Rope, Beam Clamp and Pulley Kit

SOCCER GOAL NETS

Standard Soccer Goal Nets

Carron goal nets are available in durable practice level #21 nylon and now rugged competition level #36 nylon which offers an uncompromising 340-pound breaking strength. Nets are made of weather resistant, UV stabilized 4" mesh nylon netting in either black or white. Regulation nets measure 8' high x 24' wide and 4' deep at the top and 10' deep at the bottom. Nets include lacing cords for easy installation. NOTE: These nets can be customized for non-standard goal sizes. **Made in the USA.**

Multi-Player Golf and Archery Cage

Maximize the value of your cage investment with a Carron Multi-Player Combination Cage. Suitable for both golf and baseball, the cages feature zippers on both ends of one long side wall for easy conversion. Cages can also be constructed with archery netting on the back wall for even more versatility.

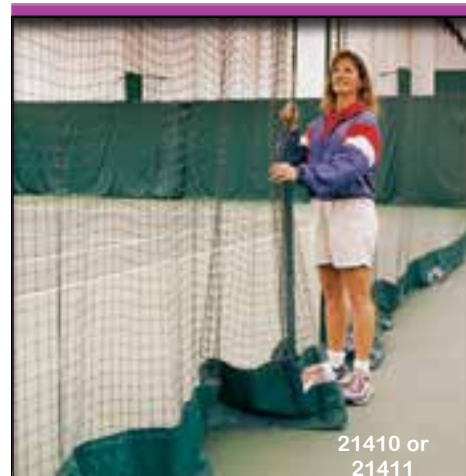

See page 8 for standard combination cage options and page 17 for more information on custom golf cages and netting systems, or check with Carron Net for specifications and pricing.

WINDSCREENS, TENNIS COURT DIVIDERS

Windscreens make great privacy screens for:

- public spaces
- trash & storage areas
- construction sites

21410 or 21411

Windscreens

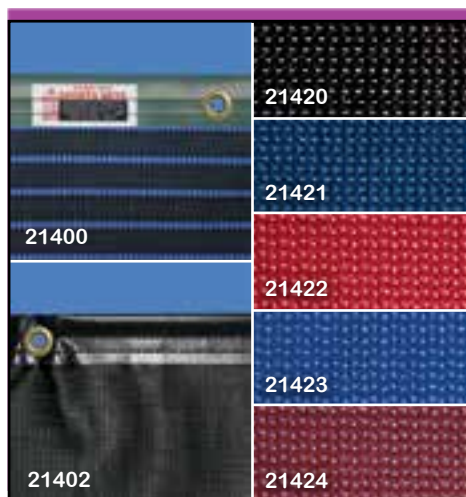

Designed to minimize visual distractions and reduce air flow into tennis courts, baseball fields, and other fenced areas, Carron windscreens are constructed of either PVC vinyl coated polyester or polypropylene. All screens are open mesh and woven with special sun and weather resistant yarn.

Windscreens will not mildew and will resist abrasion. All edges are reinforced with heavy duty vinyl binding and sewn with two rows of stitching to help assure outstanding performance year after year. Heavy duty solid brass grommets are included on 18" centers on all edges for attachment using our 50 lb. tie wraps (#21502).

All screens are made to order with standard heights of 6' and 9'. Options include **Air Vents** (#21494) recommended on 6' or 10' centers and **Center Reinforcement** (#21495) recommended on 9' screens for mid-point attachment. Both options help alleviate billowing and fence strain and are especially recommended in high wind areas. **Warranty:** 3 years against cracking and peeling when installed with our 50 lb. tie wrap.

Find details about how to measure, order, and install windscreens on our website, www.carronnet.com.

NUMBER	DESCRIPTION

Vinyl Backdrop Curtain

Vinyl backdrop curtains provide visual and sound barriers around tennis courts. All of the edges on our backdrops are bound with 1-1/2" vinyl for added durability. Backdrop curtains are constructed of 13 oz. solid vinyl, include grommets across the top edge at 1' intervals and are available in white, green or navy blue. Made to order backdrop curtains can be used in conjunction with our court dividers (#21410 or #21411) for a complete court containment system.

NUMBER	DESCRIPTION
75705	Backdrop Curtain, 13 oz. vinyl

MADE-TO-ORDER NETS

Scoreboard Nets

Protect your investment with a scoreboard net from Carron. Made with the same tough, long lasting material as our baseball batting cages, scoreboard nets can be made to any size and can be customized with vinyl sleeves on the edges for secure attachment. Contact Carron for more information about your scoreboard net needs.

Baseball Overhead Foul Ball Nets

Help catch high overhead foul balls above chain link backstops and over spectator areas. Weather resistant and UV stabilized knotless nylon has 1-3/4" square mesh size. Complete with tape binding on outside edges of each piece for added strength. Made-to-order to the size and shape you want. Use for baseball or softball.

Ground Level Backstop Nets

Low level nets for around baseball infields must be of heavy-duty strength to help protect spectators. **Call the Carron factory** – tell us the sizes you need, the level of play and the position on the playing area. We'll make recommendations from our wide selection of material types. All Carron Backstop nets are constructed of heavy duty UV stabilized and weather treated 100% nylon netting for outstanding durability. Nets are made-to-order to fit virtually any application. For odd shaped nets, email or fax a sketch.

For additional details and specifications on these and other made-to-order nets, see the Custom Netting Selection Guide on page 19. Find more ideas and examples at www.tinyurl.com/cncustomsports.

NUMBER	DESCRIPTION
62407	Overhead Foul Ball Net

Volleyball, Soccer and Football Barrier and Area Nets

For ball containment and spectator protection, whatever the sport, Carron has the right netting for the job. Custom made barrier nets improve practices and keep games moving by keeping balls in play. Player safety is enhanced by eliminating the need to chase balls into hazardous areas like roadways or parking

lots. And spectators (and facility owners) are protected from balls being struck into viewing or seating areas.

Carron Ball Barrier and Area nets are made of durable 100% nylon yet are light weight for easy installation and handling. Our sales staff is ready to help you with the right net for your situation – just give us a call.

MADE-TO-ORDER NETS

Custom Baseball Cages and Batting Range Nets

Custom designed baseball cages, enclosure nets and ceiling nets from Carron allow practice centers and commercial batting ranges to take full advantage of the space available while giving players and facilities the protection and functionality they need. Contact Carron for a quote on your new or replacement batting cage and baseball range net requirements.

CARRON specializes in Made-to-Order Baseball, Golf and Multi-Use Cages and Range Nets. Our expert staff can design and manufacture a solution to fit virtually any space or configuration request.

Custom Golf and Multi-Sport Cages and Net Systems

Schools, golf courses and sports training and rehabilitation centers appreciate the versatility and value of Carron golf and multi-sport cages and net systems. Custom designed for spaces of virtually any size and shape, these cages and net barrier systems add tremendous value by maximizing the utilization of available space. Multi-Sport Cages can also be constructed with archery netting on the back wall for even more strength and flexibility. Contact Carron to discuss your made-to-order golf and multi-sport net system needs.

FIELDHOUSE NETS

Fieldhouse Nets

Major colleges and universities use Carron nets in their fieldhouses. The nets can be used to form enclosures large enough for an entire baseball team to practice in at one time. Operable barrier netting allows for multiple field configurations and can separate turf and floor surfaces from perimeter running tracks.

Fieldhouse nets are generally made of 100% nylon mesh or a combination of netting and vinyl. Netting for archery, golf, lacrosse, football or baseball, and throwing cages can be incorporated into a system to optimize use of your space. Lift lines are typically added to these nets allowing them to be raised and lowered at the touch of a switch.

Contact the factory for pricing and details including referrals for the specification and design of operable netting systems.

GYM DIVIDER CURTAINS

Gym Divider Curtains

Carron gym divider curtains are built for durability and value. With a variety of constructions, our popular gym divider curtains create opportunities for several sports in the same gym at the same time.

The name "Gym Divider Curtain" usually means two materials are used. The upper part is generally made of smooth hanging scrim mesh to allow light to pass through and air to circulate. The lower portion, typically 8', is constructed of opaque heavy-duty vinyl to give you effective visual and sound separation between multiple activities. Solid vinyl curtains and those incorporating nylon netting in the upper portion are also available. The weight of these curtains means they are most often installed as walk-draw curtains on an aluminum track. Installation via cable mounting or integration into motorized lift systems may also be options.

Contact the factory for specifications and pricing.

COURT DIVIDER NETS

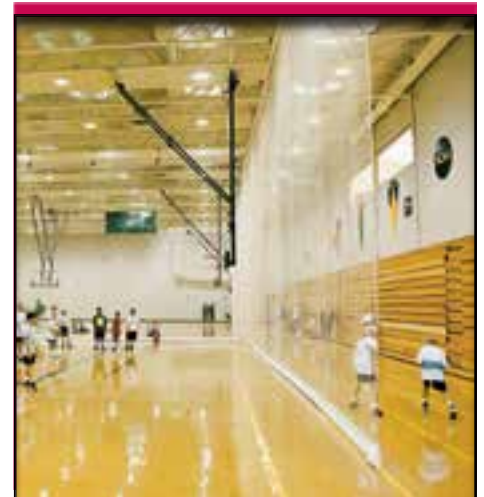

Court Divider Nets

Court Divider Nets are an economical way to divide various activities like volleyball and basketball, allowing coaches and instructors to see through and monitor multiple activities at the same time.

Court Divider Nets are commonly made from 1-3/4" nylon mesh for multi-purpose versatility however each piece is designed to your specifications and can include smaller mesh netting to catch golf or lacrosse balls or larger mesh if only soccer, basketball or volleyball retention is needed. Optional kick panels or weighted bottoms can be added for better ball containment. This product is typically light enough to suspend from a steel cable and draw easily by hand for cost effective installation.

Check with Carron for specifications and pricing. See page 9 for installation hardware.

Carron Net gym divider curtains and fieldhouse nets are used at Ball State University, University of Akron, University of Utah, University of Louisville, Boise State University, Brigham Young University, University of Washington, University of Notre Dame, University of Wisconsin, West Point Military Academy, U.S. Air Force Academy, U.S. Coast Guard Academy, and many other outstanding colleges, high schools and elementary schools.
